Career Objective

NSCC IT student with proven teamwork, communication, and computer coding skills. Looking for a internship in the IT field to use the experience I've gained during my time at school.

Relevant Skills

Teamwork Skills

- Ability to work with a team and adapt to fit the needs required to complete a task
 - Able to complete work before deadlines and help other with their work or complete new task that come up.
 - Have received rewards due to being able to complete task early.

Communication Skills

- Able to explain the concept and causes of problems and how to fix them to people who don't have knowledge on the concept
 - Can explain while building or troubleshooting computers in a way that client is able to understand what is going on and ways it can be fix.
 - Have been referred to build computers and fix computers for other due to my ability to explain things well.

Computer coding Skills

- Able to code in Python, CSS, HTML, MariaDB, SQL, C, Linux, Java
 - Able to create multiple programs/websites using these coding languages.
 - With my knowledge I've been able to receive consistently high grade on the programs I've created
